You have waited a long time for your [#PPPloans](#). We know they are vital to your businesses and livelihoods and do not take this lightly. The good news is once SBA-Approved your funds are set aside and secure. You do not have to worry about funds running out.

Fun to see companies like Zapier build their business Veeva-style:

Zapier: \$1.3m raised, \$4b valuation from Sequoia

Veeva: \$7m raised, \$42b enterprise value today

Imagine we'll see many more companies with <\$10m raised pop their heads up for massive valuations in this market.

My best intern story: Random #ASU student walks into my office with box of stuff, "Where should I setup?". Me, "Who the hell are you?". Him, "Your new top performer. I read about this co & need to be a part of it?" Me, "Your hired". Him, "By the way, I'm Jimmy." @JimmyMFlores
